# Creative Coding in Python

an inclusive and engaging way to teach programming

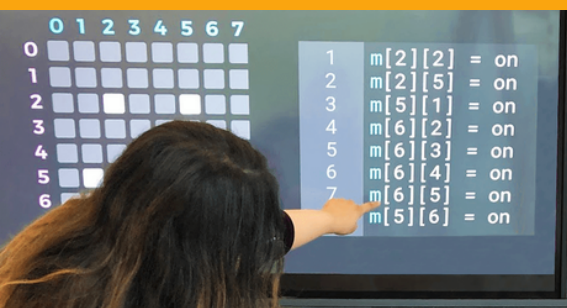

Interactive in-person workshop

February 5th, 2024 | 4:30 PM - 6:00 PM EST

Topics we will cover:

- What is imagi? How to teach coding through self expression & art
- Why Python?
- Coding Deep Dive: You will walk away with having coded your first Python projects

We are also going to have  
imagiCharms to try!

**EDUCATORS  
SHAPING  
THE FUTURE  
WITH TECH**
